# GOTT

NAPA VALLEY

CABERNET SAUVIGNON

WHAT:

Our 2006 GOTT Napa Cabernet Sauvignon has silky tannins and a firm structure with aromas of black currant, tobacco leaf and sweet oak.

WHERE:

Making GOTT gives us a chance to study diverse Napa Valley appellations, each with its own micro-climate and soil type. For this vintage, fruit from St. Helena added softness and red fruit flavors, while fruit from Oakville provided structure and dark fruit flavors. Fruit sourced from Howell Mountain, where the rocky soils offer limited yields, added tannins and minerality.

WHY:

We are committed to working with growers who share our passion for making wines that are true to a grape's varietal characteristics. Our philosophy has remained the same from the beginning: make the best wines from our favorite vineyards.

ALCOHOL: 14.6%
